Churches drift...

*...not because **leaders lack vision,***

*...not because **teams cannot
execute,***

*...but because **leaders and teams
try to do everything at once.***

*What if your church could rally behind one **God-sized focus** next year that brings **clarity, unity, and measurable progress** toward your **long-term vision**?*

The Power of a One Year Focus

How Clarity Changes Everything, Everyday

The Power of a One Year Focus:

Cuts Through Complexity

as everyone can name the one shared priority.

Reveals Progress

as disciple-making wins are created and celebrated.

Unifies the Story

as ministries stop competing and start complementing.

Mobilizes Energy

as people are motivated by shared momentum.

*The absence of **focus** is **blur**.*

Blur = Busy Calendars

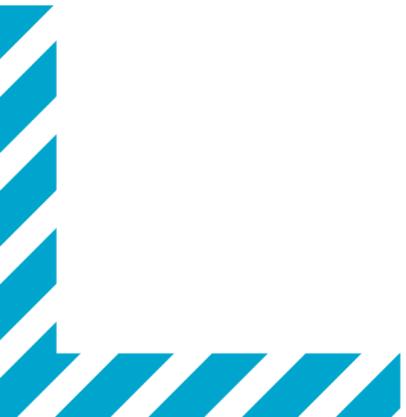

Blur = Battling Goals

Blur = Burnt-out Teams
